# The Student Involvement Suite

The Student Involvement Suite, designed almost 20 years ago has served as home to our student leaders and student organizations throughout the years. Since the initial design, the number of student groups that we serve has nearly tripled to over 800. There is a need to accommodate this rapid growth by creating **a space that will foster and advance student engagement** in the Adele H. Stamp Student Union — Center for Campus Life.

The new 11,000 square foot facility will serve as home to the Student Organization Resource Center (SORC), Student Entertainment Events (SEE), Student Government Association (SGA), and the Stamp Activities team. A new open concept floor plan and new technology will provide a flexible space to facilitate collaboration among student groups and foster a creative work environment. It will also be an inviting space for all students seeking involvement and leadership opportunities.

# Naming Opportunities

We envision an innovative space that will better serve our students and provide them with more opportunities for growth. A gift to the Student Involvement Suite will help us achieve this vision. We are excited to offer several named gift opportunities to recognize your generous support of the Student Involvement Suite. From conference rooms where student organizations will host their meetings, to various open meeting spaces that will facilitate a collaborative work environment, to the Student Entertainment Events suite, we offer many opportunities to honor your gift to our students.

*"From working at SORC to serving on the SGA, I've probably spent more time in the Student Involvement Suite than any other place on campus, including my bed. I love everything about the suite, and having a place for my student group to call home is one of the biggest reasons I've loved my experience at the University of Maryland so much."*

— Patrick Ronk, SGA President, '14 & '15

*"The Student Involvement Suite gives student organizations a sense of establishment and legitimacy. Students enter feeling like they belong and have a second home on campus. In addition, the suite...facilitate[s] easy and smooth collaborations between groups..."*

— Isha Aggarwal, SEE President, '15

*“We like to think of the Student Involvement Suite as an Incubator. It is the **place where career dreams are launched and communities of young leaders and entrepreneurs find the support they need** for cultivating ambition and transformative change. The Student Involvement Suite will be a vibrant center for student life – helping to cultivate community for engaged students and a space for exploration for new students that aspire to lead.”*
